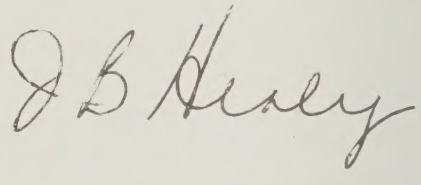
1.0 SUMMER COURSES FOR TEACHERS

1.1 Scope

The Department of Education through an extensive summer course program provides opportunities for the personal and professional growth of teachers in a climate in which innovation is encouraged. Courses available, content, and admission requirements are contained in the current Ontario Department of Education, Summer Courses, General Announcement booklet.

1.2 Handbook for Principals of Summer Courses

This handbook has been prepared to assist principals in the administration of summer courses. While administrative details may appear burdensome, experience has shown that strict adherence to the instructions contained herein is necessary if courses are to operate smoothly. Departmental summer courses involve expenditures running into millions of dollars, a fact that justifies insistence upon careful accounting practices and accurate records. When notified of amendment, principals are requested to amend the relevant sections immediately.



J. B. Healy,
Superintendent,
Professional Development Section

6.0 SUPPLIES AND EQUIPMENT

6.1 Requisition for Supplies

(a)
For the convenience of principals, two types of printed order forms will be supplied. These are:

(i)
Form D.E. 37 - Summer Course Order Form for Supplies and Equipment (see Appendix 'B')

1 Prepared in single copy.

2 Staff member concerned will list his supplies and equipment requirements for the summer course and pass to the Principal of the course.

(ii)
Form D.E. 38 - Department of Education Summer Course Order Form (see Appendix 'C')

1 To be prepared in quadruplicate. One copy to be retained by the Principal. Original and two copies to accompany Department of Education Requisition for Supplies form (carbon set form).

2 One set of Forms D.E. 38 is to be prepared for each supplier.

3 Any number of sets of Forms D.E. 38 may be submitted under cover of one Requisition for Supplies.

(iii)
Requisition for Supplies (Carbon Set Form)

1 Disregard instructions printed on the bottom of this form.

2 To be prepared in triplicate as per sample provided.

3 Triplicate copy to be retained by the principal for record purposes, original and one copy to be forwarded to Mr. J. B. Healy, Superintendent of Professional Development, 44 Eglinton Avenue West, Toronto 12.

4 Original and two copies of each set of Form D.E. 38 are to be attached to the Requisition for Supplies.

A set of instructions will be sent with the supply of these forms.

(b)
The principal will indicate the name and address of the dealer from whom the best prices may be obtained. Wholesalers should be used wherever possible rather than retail outlets since the prices will be lower and wholesale outlets may more easily deduct federal sales tax. The Treasury Department will not accept charges for federal sales tax.

(c)
If the supplies will be needed for the opening of the course, principals should submit their requisitions before June 1, for each dealer concerned, when delivery should be made, and to whom the parcels should be addressed.

(d)
For all items requisitioned approximate prices must be shown and each requisition is to be totalled.

(e)
Inventory sheets should be checked to ensure items requisitioned are necessary. If the principal has not been supplied with the inventory from the 1970 summer course he should request it from the Superintendent, Professional Development Section.

(f)
Expensive items of equipment that may have a limited use on a short course should be rented rather than purchased.

(g)
An explanation will be required to support a requisition for any unusual items, or materials ordered in unusual amounts.

(h)
As soon as a requisition has been approved and the order has been placed, the principal will receive a carbon copy of the blue purchase order form which is sent by the Department to the firm. Match the blue purchase order form with the carbon copy of the requisition and keep both on file.

(i)
Requisition for supplies form shall not be used for the purchase of petty cash items or purchases from student funds.

(j)
If it becomes apparent that items ordered, or part of the order, will not arrive in time to be used at the course, write a letter to the firm explaining the situation, quote the blue purchase order form number and cancel the order in whole or in part as applicable. A carbon copy of the letter should be attached to the blue purchase order form and invoice, if any, and forwarded to the Superintendent, Professional Development Section.

6.2 Invoices

(a)
After the goods ordered have arrived and have been checked against the invoice, mark the invoice 'Goods Received' and sign it. Match the invoice with the blue purchase order form and requisition.

If all the goods ordered from the firm submitting the invoice have arrived, fasten original and two copies of the invoice and blue purchase order form together, and mail to the Superintendent of Professional Development, Department of Education, 44 Eglinton Avenue West, Toronto 12. PLEASE MAIL SIGNED INVOICES AT FREQUENT INTERVALS. DO NOT HOLD THEM UNTIL THE COURSE ENDS. Where necessary, firms should be hastened in respect to missing invoices to ensure their receipt by August 6th.

(b)
Invoices should be checked carefully, ensuring there is an original and two copies and that federal sales tax has not been charged. If federal sales tax has been charged, contact the dealer immediately and advise him that the federal sales tax does not apply to provincial government purchases.

6.3 Accountable Advance (Petty Cash)

(a)
Each principal will receive an accountable advance with which incidental supplies may be purchases. The petty cash account will be used to purchase supplies that cannot be obtained by ordinary requisitions. A receipted invoice or bill (one copy only) must be obtained for each purchase, including postage stamp purchases. The bill must show the dealer's name and address, the date, the article purchased, and the price. It must also be marked 'paid' and signed by the salesman.

(b)
Because the provincial government is not required to pay federal sales tax there should be no reference to such tax on the invoice or bill for petty cash purchases. Where a sum for federal sales tax is shown, the invoice or bill will be returned to the principal for correction.

(c)
Cash register tapes and scraps of paper indicating an amount only are not acceptable as vouchers. Receipt books provided to the principal are not to be used to record petty cash payments to dealers who have their own bill forms.

(d)
Petty cash may also be used, in an emergency, to pay for casual stenographic help, or to pay a worker for moving equipment or supplies. At the time any such casual employee is paid he must sign a receipt. The receipt must show the date, hours of labour, rate and total payment. Casual help of this nature should be restricted to one or two days.

(e)
Petty cash expenditures should be summarized on the form 'Statement of Petty Cash Disbursements for the Period' (form acct. no. 11A). Two copies of this form should be submitted to the Superintendent, Professional Development Section. Bills and receipts numbered and arranged to correspond with the summary are to be fastened securely to the original copy. Unused petty cash must be returned by cheque made payable to 'The Department of Education Advance Account', by September 15th. The account must be balanced.

(f)
A petty cash account that is not correct in every detail will be returned to the principal for corrections.

(g)
Additional petty cash will be provided only in exceptional circumstances and on submission of a statement (form acct. no. 11A) and invoices covering the original advance.

6.4 Supplies Additional to that Provided by the Department

(a)
Where the teacher in training wishes articles additional to those provided by the Department for his own use, the cost shall be borne by the teacher, either:

(i)
by a personal payment, or

(ii)
through a fund raised by a general levy on all teachers in attendance. (See section 8.1.1)

6.5 Supplies and Equipment - General

(a)
If additional supplies of stationery are needed during the course, they should be requisitioned, if time will permit, by submission of the normal requisition for supplies, since current regulations state that all purchases of this nature must be made through the Queen's Printer.

(b)
Supplies and equipment must not be borrowed from schools or firms without the written approval of the Superintendent, Professional Development Section.

(c)
A principal must not commit the Department to replacing equipment that was defective or worn out when borrowed.

(d)
The Department will reimburse a school for any loss or damage that is the responsibility of the course, providing that the principal has provided details regarding such loss or damage to the Superintendent, Professional Development Section. Such advice should be provided immediately the loss is known.

(e)
Requisitions for supplies should be submitted to replace borrowed books and equipment lost during the session. Requisitions for books are to give the publisher and author, approximate cost, and the address where the books are to be delivered. Requisitions for supplies are not to be prepared to replace lost books or equipment borrowed from a department of the Ontario Government, but all losses should be reported giving details.

(f)
The Department will provide a reasonable number of reference texts but not class sets of texts or other books. An effort should be made to keep the library up to date by ordering reasonable numbers of highly recommended books. Principals are reminded that they can arrange to borrow books from the Provincial Library Service at 4 New St., Toronto. Send requests to Miss B. M. Evans, Supervisor of Departmental Library Service as early as possible and not later than May 1st. Only titles listed in the Provincial Library Service Catalogue and the January 1971 Supplement will be available.

(g)
Books, supplies and equipment when being shipped on completion of the course are to be sent 'Prepaid' and the invoice forwarded by the transport firm to Professional Development Section, unless of a nominal amount which may be paid from petty cash and a receipt obtained.

(h)
At the end of the course the books will be sent to storage with the supplies and equipment belonging to the course. An inventory of these books (in duplicate) shall be sent to the Superintendent, Professional Development Section.

7.0 REPORTS AND RETURNS

7.1 Returns to the Registrar's Section

The following reports and returns are to be forwarded to:

Mr. B. Bowland, Registrar's Section,
Department of Education,

Toronto 7.

(a)
On or before July 8

One copy of an alphabetical listing of all those enrolled in the course.

(b)
On or before August 13

(i)
One copy of the report form showing the marks obtained by each student. This form must indicate definitely the proficiency of each student in each subject of study and whether the student has passed or failed in individual subjects and the course as a whole. Either letter gradings or marks will be used to designate proficiency. The minimum passing mark for each subject will be 60 per cent. The column headed 'Results' must state whether each student has passed or failed. A principal must be prepared to submit, on request, complete information regarding candidates who fail. The matter of employing examinations as a device to assist in the assigning of the candidates final grading is to be decided by the principal and staff of each course.

The report form showing the marks or gradings given for each student is necessary for each course, including one-week refresher courses. Please do not write in left-hand margin of the form.

Where absences are significant (eg., candidates who have discontinued the course or whose standing may have been affected), record actual dates and reasons in 'Remarks' column of exam report form.

(ii)
The report showing recommendation for refund of fees. Summarize all recommendations on one report form if possible. Indicate clearly the reason for each recommendation. Any cheques for refunds of fees will be issued by the Department of Education directly to the student concerned.

7.2 Returns to the Superintendent, Professional Development

The following reports and returns are to be forwarded to:

The Superintendent,
Professional Development Section,
Department of Education,
44 Eglinton Avenue West,
Toronto.

7.2.1 Staff Lists

A staff list will be forwarded to principals by Professional Development Section listing all non-civil servants contracted for the course and containing relevant data in respect to pay etc. Principals will make any corrections required and certify the list in the space provided, that the staff member is present and will be carrying out the duties contracted for.

In addition, principals will prepare a staff list as per Appendix 'D' on all clerical or library staff employed on the course and submit the two staff lists to the Superintendent, Professional Development Section not later than July 6, 1971.

This submission will be the source document for staff salary cheques. Any delay in submission of the staff list will automatically delay payment.

On or before August 4, 1971, the principal will be provided with a staff list and all the salary cheques for his staff. It will be the responsibility of the principal to release these cheques on the last day of the course.

In the event of an error in a salary cheque, the following action is to be taken:

(a)
In Amount:

(i)
return the cheque immediately to the Superintendent, Professional Development Section, and provide the following information:

- name and location of the course
- name of instructor
- social insurance number
- cheque amount
- correct amount
- pay period

(b)
In the Address:

Inform the Superintendent, Professional Development Section, the name and social insurance number of the instructor and his correct address.

7.2.2 On or before July 15

Listing of Equipment Rented or Borrowed
(see Appendix 'E')

The listing is to include the name of the manufacturer, serial number, approximate cost and from whom rented or borrowed. For new equipment give the actual cost, and for used equipment give the estimated value. Do not include in the listing equipment that belongs to a Department of the Ontario Government, eg., Teachers' College. The Principal should, however, retain a list of Departmental equipment for his own records in the event of loss or damage. If no equipment is rented or borrowed, a 'NIL' return is to be made.

7.2.3 At the close of the course

(a)
Travel expense claims for non-civil servants

Principals are to check and initial all expense forms in the lower right-hand corner.

(ii)
Civil servants who are serving on a summer course staff at a centre outside their usual district should complete, individually, at the close of the course, their expense forms in duplicate and mail them promptly to The Superintendent, Professional Development Section, 44 Eglinton Avenue West, Toronto 12. On each form indicate clearly the name and location of the course, and attach all necessary receipts.

(b)
Accommodation Report

A statement showing the accommodation used. List each room by number or other recognized designation and

indicate the length of time each room was used daily. To avoid claims that more rooms were used than our lists showed, a principal should check with the superintendent (janitor) of his summer course building before submitting his list. It is recommended that the superintendent at the building sign in confirmation of the principal's report, or the principal certify and sign the accommodation report prepared by the building superintendent to his employer. A principal should not make changes in accommodation arranged with boards without first obtaining the approval of the Superintendent, Professional Development Section.

(c)
Inventory of Supplies and Equipment
(see Appendix 'F')

(i)
An inventory of books, supplies and equipment on hand at the end of each course should be submitted in duplicate on the forms provided to the Superintendent, Professional Development Section. A copy of the inventory should be retained by the principal.

(ii)
The inventory of books should include the number of copies, author, date of publication, and publisher.

(iii)
Wherever possible, the listing should be specific, eg., 5,000 sheets, not 5 packages.

(iv)
The inventory must indicate clearly where the material is stored. If it is stored in more than one location, it should be broken into sections with each section indicating a location. Please do not staple different sections together unless a summary indicating all locations is on the front.

(d)
Report re funds for extra supplies
(see Section 8.1.1)

(e)
Report re funds for social and athletic purposes

(f)

7.2.4 On or before August 21

A confidential report concerning the administration, accommodation, course program and the efficiency of the staff.

7.2.5 Attendance Report

Absences of a candidate of more than three days shall be reported to the Superintendent, Professional Development Section. In no case will absence beyond five days be allowed.

7.2.6 Course Outlines

Each staff member is asked to prepare an outline of his course. The outline should show the name and location of the course, the subject, and the name of the staff member. The principal should examine the outline carefully and refer to it when making supervisory visits. A copy of each course outline shall be forwarded to the Superintendent, Professional Development Section by July 30.

8.0 MISCELLANEOUS INSTRUCTIONS

8.1.1 Extra Charges

Where a general levy is made for social purposes and/or supplies, it shall be administered by a students' committee and be properly audited. Separate accounts shall be established for each fund for which a levy has been made and monies so collected must be kept apart from Departmental funds.

(b)
It cannot be over-emphasized that:

(i)
all extra money collected from teachers must be accounted for and must be kept separate from Departmental monies, and

(ii)
funds of this nature must not be carried over from year to year.

(c)
Duplicate receipt books provided are to be used for recording payments received for social or athletic funds referred above.
